

Hanson Leung – Photo Captures

End User License Agreement.

Introduction:

This is a license agreement explains how you can use photos (individually and collectively, "content") that you license from Hanson Leung now or in the future. By downloading, acquiring, or accepting content from Hanson Leung, you accept the terms of this agreement.

License Models:

Hanson Leung offers two types of license models: royalty-free ("RF") and editorial-only ("EO"). Royalty-free does not mean there is no cost for the license. Instead, royalty-free means that the license fee is paid once and there is no need to pay additional royalties if the content is re-used. Royalty-free content is licensed for worldwide, unlimited, perpetual use, and pricing is based on the file size. Rights-managed and rights-ready content is licensed for specific types of use, and pricing is based on factors such as size, placement, duration of use, and geographic distribution.

Physical prints may not be duplicated, altered, edited, published, reproduced, or redistributed. No rights or warranties are granted for physical prints.

You are welcome to use content from the Hanson Leung site on a complimentary basis for test or sample (composite or comp) use only, for up to 30 days following download. However, unless a license is purchased, content cannot be used in any final materials or any publicly available materials. No other rights or warranties are granted for comp use.

- Worldwide: content can be used in any geographic territory.
- Unlimited: content can be used an unlimited number of times.

- Used: content may be copied, reproduced, modified, edited, performed, displayed, broadcasted, published, or otherwise make use of. Restrictions apply (see "Restricted Uses").

2. No Alteration of Editorial Content: the integrity of "Editorial only" content may not be compromised.
3. No Standalone File Use: you may not use content in any way that allows others to download, extract, or redistribute content as a standalone file. Products featuring the licensed content as the primary visual element are not permitted.
